SCRAP ANGLO-JAP ALLIANCE WILL BE PROPOSED BY U. S.

**BELIEVED SECRETARY HUGHES
WILL MAKE PROPOSAL IN
CONFERENCE SOON**

**TO PAY THE WAY FOR SETTLE-
MENT OF FAR EASTERN QUES-
TION SATISFACTORILY**

(By United Press.)

THE ARMS PARLEY TODAY

The United States waits for official replies from Great Britain, and Japan, to its program for a ten-year naval holiday, and a sweeping limitation of armament.

Naval experts of Great Britain and Japan are studying the American proposals.

Two main committees of the conference meet at three o'clock. These are on the program and procedure for reaching an agreement for limitation of armament, and a program and procedure for discussing far eastern affairs.

Washington, Nov. 14.—The position of the United States on the alliance between Great Britain and Japan will be stated sometime during the conference, in just as frank and unequivocal terms by Secretary of State Hughes, as the head of the American delegation, putting forward the broad and sweeping program of the Americans for cutting the great naval armament of the world, it was confidently expected here today. This may be done tomorrow. The question of the Anglo-Japanese alliance, however, is a greatly different one that of just fixing a limit on naval armament and reducing the present naval establishment.

The alliance is a delicate question with both Great Britain and Japan, although both of these countries are beginning to realize that something must be done about this in the present conference to meet the opposition of the United States.

Officials here point out that that the United States has nothing in direct relation to offer in return for abandonment by Great Britain and Japan of their alliance. On the question of naval armament, however, America has offered to scrap the great ships of the 1916 building program, considered a greater sacrifice than the other powers were asked to make. Thus to deal with the far eastern situation at the conference tomorrow, it would be a bomb shell of almost equal proportion to his now famous speech on the naval armament at the first meeting of the conference.

Japs Will Submit Counter Proposal
By CLARENCE DUBOSE,
(United Press Staff Correspondent.)

Tokio, Nov. 14.—It became practically certain that Japan would submit proposal for limitation of armament as a damper to the huge program offered by the United States at Washington Saturday.

The proposal probably would accept Japan's limitation of 10 capital ships, but will ask a readjustment of the proportionate strength of the other naval powers, suggesting England be reduced to less than twenty-two, and the United States be reduced to less than 18 capital ships.

**Bryan Predicts Overthrow of Govern-
ment Resisting Limitation**

Washington, Nov. 14.—Any government that rejects the American program for limitation of naval armament probably would be overthrown by the "people at home," William Jennings Bryan predicted here today.

Armament limitation, he said, would be greatly aided by the establishment of an international tribunal to settle disputes.

Demands Suspension Naval Program

Washington, Nov. 14.—A demand for action on his resolution authorizing the President to suspend all or part of the naval building program for six months was made in the senate today by Senator Pomerene of Ohio.

Scrap Anglo-Jap Alliance

The Anglo-Japanese alliance must be scrapped. This was learned on highest authority, and will be the substance of the demand of the United States government when the program of the Pacific and far eastern countries are taken up by the conference

PROCLAIM PEACE WITH GERMANS

(By United Press)

Washington, Nov. 14.—President Harding will probably issue the proclamation of peace with the central powers late today or tomorrow. It was indicated at the White House.

The proclamation is being drafted at the State Department, and is expected to come over to the White House during the day.

It will be made public a short time thereafter.

OTTER TAIL COUNTY ONE OF FIFTY PRIZE COUNTIES IN COUNTRY

(By United Press.)

St. Paul, Nov. 14.—Ottertail county, Minn., is one of the fifty most productive counties in the United States.

The State Immigration Commissioner was advised of this fact today by Federal Department of Commerce, who submitted figures showing records of the fifty best counties in the United States for livestock and farm products.

AGED R. R. BUILDER DIES IN MINNEAPOLIS

(By United Press)

Minneapolis, Nov. 14.—Charles H. Prior, prominent railroad builder, died Sunday night of pneumonia at the hospital here.

A week ago he fell and sustained a broken ankle. He is about 88 years of age.

Under his direction, the first line of the Chicago, Milwaukee & St. Paul railroad was brought into the Twin Cities in 1870. Later on he started the line throughout Minnesota and into North and South Dakota. He retired after thirty years of active work, and then became active in real estate.

Prior Township, Scott county, Prior Lake, the Town of Prior, and Prior Avenue of St. Paul were all named after him.

BANDITS NOW ROB CHURCHES

(By United Press.)

Chicago, Nov. 14.—The All-Saints Catholic Church was robbed of \$2,000 by five bandits early today.

A watchman was bound and gagged, and the bandits escaped.

Buried in New York

New York, Nov. 14.—The body of Mrs. George J. Gould, who dropped dead of heart disease while playing golf yesterday, was brought here for the funeral service.

Mrs. Gould played an important part in American society.

She was playing golf with her husband, the railroad magnate. A caddy was the only other person present.

Delay Disposition of Ford-Newberry Case

By FRAZIER EDWARDS,
(United Press Staff Correspondent.)

Washington, Nov. 14.—A Democratic move to delay disposition of the Ford-Newberry election contest until next session in order to get wider publicity, was made today in the senate.

Republicans were warned by Senator Pomerene, of Ohio, that the Democrats were determined that the case should have very full consideration, and that a good number of speeches would be made on the Democratic side. As a result, the Republicans were undecided to take up the case tomorrow.

Curb Stock Market Is Ruled Public Nuisance

New York, Nov. 14.—The curb stock and bond market which recently moved indoors was ruled out of business as a "public nuisance" through a temporary injunction granted this afternoon by Supreme Justice Lydon.

MILLION JEWS ARE IN ACUTE NEED

"There are one million Jews in acute need in the Ukraine—families of the two hundred thousand bread-winners who have been killed since 1917 in the various wars and disturbances that have swept the country," according to Max Gendler, Albert Lea, a member of the State Committee.

There are three hundred thousand fugitive Jews in Poland, fifteen thousand in Bessarabia, as many more in Latvia and Lithuania, all of them people who were once self-supporting citizens and whom chaotic conditions have reduced to destitution. To care for them is part of the task facing the American Jewish Relief Committee.

"This Committee has issued an appeal for \$14,000,000 to the American people. Forty-seven million dollars, contributed by the Jews of this country, have already been spent on relief in Europe by the Joint Distribution Committee which acts as foreign agent for the American Jewish Relief Committee cooperating with Herbert Hoover's American Relief Administration.

And yet efficient and effective as that work has been, the need is still overwhelming, Russia being the latest charge and chief sufferer.

"Conditions in Europe are not only desperate but dangerous, particularly in the case of the refugees. A floating population at the best of times is a menace, but these people, hundreds of thousands of whom are now seeking from one country to another in search of shelter, are all hungry, all ragged, all inevitably dirty because of their circumstances. They come from territory which in many cases has been ravaged by disease. They must be germ-carriers, perhaps for typhus, perhaps for cholera.

"To feed, clothe and care for them until such time as conditions permit of their repatriation is one task which the Jewish Joint Distribution Committee has undertaken and for which it must have money from home. And it has other problems equally pressing.

"Poland, Austria and the other countries of eastern Europe in which relief has been distributed for some time, are still in need, though their case is not so desperate as Russia's. There are two hundred thousand children here who without American help, will inevitably die this winter. There are hundreds of thousands of families, who, unless they can re-establish themselves in trade, will again become a charge on the public purse.

"To give these people a chance to re-start the business war ruined, and to support themselves and their families—that is the second task facing the Relief Committee abroad, for which it needs money immediately.

"Emergency relief for Russia, for the refugees and the orphans of eastern Europe, a reconstruction program for the countries in which there is peace—those are briefly the purposes for which the American Jewish Relief Committee is appealing for \$14,000,000. David A. Brown, a prominent business man of Detroit, is conducting this appeal from headquarters at 103 Park Avenue, New York City. The campaign in our state is being aided by our very best citizens, among whom are: Max Minsker, Atwater; George Hirsch, Austin; S. Saper, Chisholm; I. Friemuth, Duluth; Sam Ellis, Eveleth; Charles Hallock, Hibbing; L. Salet, Mankato; Joseph H. Schanfeld, Minneapolis; James Neiger, St. Paul; J. H. Kolliner, Stillwater; Julius Shadnelling, Virginia.

NEW REVOLUTION AGAINST OBREGON OCCURS IN MEXICO

**SAID TO BE FINANCED BY AMERI-
CANS WITH BIG INTERESTS IN
LOWER CALIFORNIA**

**BEGINNING IN LOWER CALIFOR-
NIA SPREADS TO SONORA—
ARMED CLASH—20 DEAD**

By FRANK BARTHOLOMEW,
(United Press Staff Correspondent.)

San Luis, Mexico, Nov. 14.—A revolution against the Obregon government of Mexico which broke out in lower California Sunday, was reported today to have spread to Sonora. The revolution resulted in a clash with the Mexican regulars within six miles of the American border, in which at least twenty were killed Sunday, and was said to be headed by Esteban Campu, former governor during the Carranza regime.

The frontier was closed by Americans today, and hundreds of Mexican refugees were pouring across the border.

Obregon reinforcements were being rushed to Sonora, and mobilization of troops was reported at various points close to the American line.

The revolution—alleged to be financed largely by Americans with huge interests in lower California—had been brewing for weeks.

The first armed clash occurred at San Antonio Canyon, six miles south of Tijuana, the famous center on the California border.

While the number of the wounded is still in doubt, at least a score of deaths were reported.

The bodies of ten federal troops were brought to Obregon last night. Tijuana was virtually deserted today. At the Cadcate, six miles east of San Diego, California, more than a thousand refugees were said to have crossed the line.

One detachment of five hundred Mexicans was reported to have landed on the west coast of California, and hurrying toward the trouble zone.

Killed Number 17

San Diego, Cal., Nov. 17.—Mexican federal officers who crossed the border today told the United Press correspondent that seventeen were killed in yesterday's fighting at San Antonio Canyon, south of Tijuana.

They stated only two of these were rebels.

GASOLINE LAUNCH MISSING WITH 8 MEN ABOARD

(By United Press.)

New York, Nov. 14.—The gasoline launch Elsie K, with eight or nine fishermen on board was missed today, and believed to be at sea.

Police began search for same at midnight, but no trace has been found yet.

BANDITS ROB CLOTHING STORE OF \$5,000 IN GOODS

(By United Press)

Rochester, Nov. 14.—Burglars here last night sought protection from the cold blasts of winter.

The Lyman Company store was robbed of goods valued at \$5,950.00.

The loot includes 14 fur coats, 8 fur caps and scarfs, and a number of other articles.

The robbery was discovered when the store was opened this morning.

PROCEED WITH WORK ON WAR SHIPS

Washington, Nov. 14.—The Navy Department will go ahead building warships until the word comes from the international arms conference to stop. Secretary Denby declared today.

This was Denby's answer to the suggestion made in Congress and elsewhere that the Navy follow up the American proposal for the extension of building program by stopping work on the 1916 war program.

House mice have a habit of following the walls of a room as they run about, and a trap placed behind a table leg or small object where mice naturally run need not be baited.

Civil War Veteran Dies at Soldiers' Home

(By United Press)

St. Paul Nov. 14.—Judson Maxfield, a veteran of the Civil War, died Sunday at the Minnesota Soldiers' Home, Fort Snelling.

Commander Collar is seeking relatives of the dead man. He is understood to have a son, Harold, and a daughter Jeannette, living in North Dakota. Their address could not be found.

"Big Tim" Murphy Is Convicted in Chicago

(By United Press.)

Chicago, Nov. 14.—Timothy Murphy, political and labor leader was sentenced to six years in Leavenworth prison, and fined \$30,000 today on conspiracy charges in connection with the \$395,000 Dearborn Station mail robbery. Vincenzo Cosmano and Edward Gierun were given four years and fined \$20,000.

Paul Bolauti was sentenced to two years, and fined \$10,000.

"That is the most I could give them," said Federal Judge Landis. "They thought they would give these men a Christmas present and convict them of conspiracy instead of mail robbery, which would have enabled me to sentence them for twenty-five years."

"MORE WORK BETTER ROADS"

Nearly ten miles of grading on Trunk Highway No. 35 between Benettville and Aitkin, estimated at \$66,000 is included in a new list of projects under the "more work—better roads" movement, announced today by Charles M. Babcock, state highway commissioner.

The commissioner added that Benton county commissioners Dec. 9 will open bids for 22 miles of paving, estimated at \$500,000 on the St. Cloud-Royalton section of T. H. No. 27. Morrison county later will let contracts for paving the additional 10-mile section between Royalton and Little Falls. Both county reimbursement bond projects are scheduled for 1922 construction.

John H. Mullen, assistant commissioner and chief highway engineer, today said that the new projects like others are distributed as widely as winter work limitations will permit that various localities may gain both work and road benefits.

The latest list totals more than \$400,000 and brings the aggregate of winter road work to date to more than \$2,000,000. The jobs:

T. H. No. 7—Between Mankato and Janesville, 4.5 miles of grading, estimated at \$20,000.

T. H. No. 8-65—Between Bagley and Clearbrook, 15.7 miles of grading at \$95,000.

T. H. No. 9—Between Preston and Lanesboro, 5.1 miles of grading at \$50,000.

T. H. No. 23—Between St. Cloud and Milaca, through Foley, 29.2 miles of grading at \$107,500—new bridges not included.

T. H. No. 28—Between Sauk Center and Westport, 11.8 miles of grading at \$65,000.

T. H. No. 28—East of Sauk Center, 2.9 miles of gravel-surfacing at \$7,500.

T. H. No. 35—Between Aitkin and Benettville, 9.8 miles of grading at \$66,000.

Two new bridges on T. H. No. 7 near New Ulm complete the list.

Convention Postponed

(By United Press.)

Ames, Ia., Nov. 12.—The national convention of Sigma Delta Chi, professional journalism fraternity, scheduled to be held here Nov. 10, 11 and 12, has been postponed to December 8, 9 and 10, it was announced from national headquarters today. More than 100 college journalists, as well as the national alumni officers who are successful newspaper executives, will attend the convocation.

TEN PERSONS KILLED IN TENEMENT FIRE

(By United Press.)

New York, Nov. 14.—Ten persons were reported killed, and one fatally injured in a tenement fire at Sixth street and Sixth avenue, early today.

The dead includes three women, two children, two men, and two persons who were so badly burned that their sex could not be determined. The list of dead reached ten when a man who leaped from the third story died early today at the hospital.

EXTEND STATUTE OF LIMITATION FROM THREE TO SIX YEARS

(By United Press)

Washington, Nov. 14.—Escape from prosecution of profiteers who grafted on the federal government just after the war, was halted today, when the senate extended the statute of limitation from three to six years. The house has already passed the bill, and it now goes to the President. The three-year limit expired for practically all the profiteers within the next few days.

OIL FIRE VICTIM DIES IN ST. PAUL

(By United Press)

St. Paul, Nov. 14.—Henry Plankers, 64, who was burned Saturday when his oil saturated clothing came in contact with a hot stove at the Pure Oil Company warehouse, died Sunday. He was the father of Doctor A. F. Plankers and Doctor A. G. Plankers, prominent St. Paul physicians.

EMPLOYEE OF OIL STATION IS BURNED

(By United Press)

St. Paul, Nov. 12.—Henry Plankers was severely burned today while working at the Pure Oil station at Spark and Water streets. He had been unloading cars and got his clothing saturated with the oil. Later, while standing near the stove, he became enveloped in flames. Jack Carlson extinguished the fire by rolling him in the snow outdoors. Plankers was taken to the St. Paul hospital. His condition is serious.

Half Breed Indian Is Arraigned for Murder

(By United Press.)

Milaca, Minn., Nov. 14.—Henry Davis, half breed Indian, charged with having part in the murder of Joseph Silma, a Minneapolis peddler, was to be arraigned in court today.

He is one of the four Indians arrested in connection with the murder. Ole and George Sam, brothers, escaped the Deputy Sheriff at Isle and are believed to be hiding in the woods near there.

Henry Jackson was released, as officers were convinced he was innocent.

GREAT BRITAIN TO ACCEPT THE WHOLE ARMS CUT PROGRAM

**REPORTED THAT BALFOUR WILL
DO SO IN SPEECH TOMORROW;
EXCEPT SUBMARINES**

**SAY TOO MANY ARE PROVIDED
FOR—ONE-HALF IS SUFFICIENT**

By CARL D. GROAT,
(United Press Staff Correspondent.)

Washington, Nov. 14.—Arthur J. Balfour intends in a speech tomorrow before the Arms Limitation conference to virtually accept the whole arms cut program.

He will make two reservations—tonnage of submarines allowed, and on the question of replacement.

The position of the British government was learned from authority close to the committee delegates here.

British naval expert's examination of the American program gives them the conviction that too much submarine tonnage is allowed.

They say that the world war would warrant the cutting of the figure in half.

Balfour contends that the ten-year holiday would close all navy yards, and all chance of replacement at its conclusion. It is understood that he has no definite program to cover this point, leaving it for the conference examination.

Accept in Principle

Washington, Nov. 14.—Great Britain will tomorrow "accept in principle" America's sweeping program for a limitation of armament.

This statement was made today by a high British officer attached to the delegation, who desired that his name not be used.

"Mr. Balfour, as head of the British delegation, will make a very important speech tomorrow accepting in principle the American program," he said.

London's New Mayor A Real Cockney

(By United Press.)

London, Nov. 10.—Alderman Sir John James Baddeley, leading London printer, was yesterday inaugurated Lord Mayor of London for the ensuing year. Centuries old civic pageantry marked the occasion, and traffic in the busiest part of the city was held up for three hours at midday by London's own pet civic parade—the "Lord Mayor's Show."

Londoners themselves agree that the "Show" is an anachronism, but the Lord Mayor who attempted to dispense with it would be exceedingly unpopular.

Starting from the Guildhall shortly before noon, the procession wound its way through broad and narrow city streets, and arrived at the High Courts of Justice, on the Strand. The procession included detachments of the various London Territorial regiments, horse, foot and guns, police and fire departments, boy scouts, triumphal cars, a score of bands and the officials of the ancient city guilds, with mace-bearers, chamberlains, chaplains and trumpeters complete, making to the stranger a most picturesque parade.

Arriving at the High Courts, the Lord Mayor, who drove in his famous state coach, was received by the Lord Chief Justice and the whole of the High Court judges, and in their presence took the prescribed oath of office.

In the evening the Lord Mayor gave the usual banquet at the Mansion House.

Sir John Baddeley is a real "Cockney," having been born and lived and worked for many years "within the sound of Bow Bells." He is 79 years of age, and head of the big firm of Baddeley Brothers, printers.

WOMAN DESERTS BABY AT THEATER

(By United Press)

Minneapolis, Nov. 14.—A shabbily dressed woman "checked" her baby at the New Hennepin Theater at noon Sunday, and failed to return for it. She left two bottles of milk with the attendant.

Police took the trail to the general hospital last night, but are still searching for the woman.

CEMENT SUMMER COTTAGES

Col. Freeman Thorp at Hubert Finds They Can be Built Cheaply With Concrete

Col. Freeman Thorp of Hubert has found that good summer cottages can be built very cheaply with concrete. He states that he has found that two-room cottage 14 by 20 feet with concrete floor laid right on the sand which is well known never heaves by frost, can be built for \$200. The house is fire proof and will last a hundred years without repairs.

With a screened porch floored with concrete and a good well roofed shed for a car, the whole cost is only \$300 if built where sand and gravel is plenty and handy as at Hubert and on many of the lakes of Crow Wing county.

HOW TO MAKE YOUR HOME BEAUTIFUL

Miss Carrie Minich, Art Director at
St. Cloud Teachers College,
Voices First Principles

SPOKE OF FORM, COLOR, ETC.

Interesting Details Which Mean So
Much in Planning Home Your
Surroundings

Fifty women have enrolled in the Art Study Club section of the Brainerd Musical Club. If all the women in Brainerd knew the value of the course inaugurated by Miss Carrie Minich, all would gladly join. The topic she covers in a series of lectures concerns the beautification of your home and teaches principles as laid down by the accepted canons of the art world.

The Art Study club section of the Musical club had its initial meeting at the Chamber of Commerce Friday afternoon. Mrs. A. C. Weber, chairman, presided. The club takes up the various phases of the beautification and arrangement of rooms and furniture in the home.

The members had the great pleasure of listening to a charming solo by Mrs. John H. Krekelberg, accompanied by Mrs. Walter F. Wieland. Then Miss Carrie Minich, art director at the St. Cloud Teachers College, gave the address of the day. She gave the outline of the most important facts that one must know to create a harmonious whole in the home. They are: line, form, color, texture and balance. A knowledge of these makes it possible to avoid glaring errors in planning your home surroundings. She went into interesting details in regard to complimentary colors, gave examples of all the colors that should and should not be used together.

Following are a few of the many facts presented, some of which most of us knew nothing about.

Never tie back your curtains unless the window is arched at the top, as it spoils the lines of the room.

Never put your rug at an angle, lay them straight with the lines of the wall.

If you must have an oval picture, hang it in a narrow wall space, for the perpendicular lines will help to balance the lines of the picture.

In your dark rooms have the warm colors, in the sunny ones, the darker colors.

If you have a very large picture, hang it in the biggest wall space, but be sure to put a large article of furniture beneath it.

Never hang pictures by a triangular cord; have the cords or chains straight.

Hang all of your pictures at a comfortable height for the average person, do not "sky" them.

Begin at your ceiling with light colors and work down to the darkest colors on the floor.

Don't put all your heavy furniture on one side of the room, it will give the impression of a pitching vessel.

Have many windows, but group them so that you have room for your furniture.

These are just a few of the many facts that she packed into her short address. If the rest of the course is

as instructive as the first, no woman can afford to miss them.

Once a month until May we study the following: pottery, rugs, period furniture, pictures you love to live with, china and other subjects in regard to the home. Over fifty members enrolled in the club for the course.

BRAINERD'S ODDEST STORIES OF TODAY

The team of Ole Edwards of West Brainerd ran away on Thursday afternoon and one horse slipped and fell near the Imgrund garage, nearly going through the plate glass. Charles Barnard of St. Albans, Mille Lacs lake, stopped the team. When he went back to his flyver he found it frozen up. He started it eventually and so the clerks at Lyons and Baker said he could stop a team and start a Ford, both some achievements.

Dutch Lyons was in a quandary Thursday evening. He was asked to march with the Elks, the Eagles and the city council. Some friend suggested he march with one organization and then put up two banners in the others stating place and there were reserved for him.

44TH WEDDING ANNIVERSARY

Celebrated by Mr. and Mrs. I. U. White at Home of Mr. and Mrs. Louis Hohman

The forty-fourth wedding anniversary of Mr. and Mrs. I. U. White was celebrated Friday afternoon, November 11, at the home of their son-in-law and daughter, Mr. and Mrs. Louis Hohman of South Sixth street.

The home was prettily decorated for the occasion. Covers were laid for twelve.

ARMISTICE DAY NOTES

Song sheets entitled "Armistice Day Songs" were printed by the Brotherhood of Railway Employees, George E. Lowe ordering and distributing the leaflets. The songs were "The Star Spangled Banner," "America," "The Marseillaise" and "There's a Long, Long Trail."

The day was chilly, 20 degrees above zero being the highest point reached by the government thermometer.

Everybody paraded and spectators were few.

Much credit is to be given the Brainerd Municipal band for turning out and playing in cold weather. It takes a lot of blowing to get the bass horn started in cold weather.

Brainerd business houses were more generally closed than on the Fourth of July.

Four men were in municipal court for imbibing too much. They were sentenced by Judge J. H. Warner.

SUBSCRIBE FOR YOUR HOME TOWN PAPER

To the Editor:

Regarding "Subscribe for Your Home Paper" week, it seems fitting that something should be said by the reader as well as the purveyor of news.

What an important place the paper has in our lives. The blithe paper boy is eagerly watched for, and when the fresh sheet is placed in our hands we seek the comfort of a deep-cushioned chair, and in the cozy glow of the shaded light we read not only the interesting news of our neighbors' activities, social, musical and dramatic notes, but news of the world-wide interest, telephoned each day to the Brainerd Dispatch by the United Press staff correspondents. Thus we are supplied with the news of the hour long before the big Twin City dailies can furnish it to us.

If an editor is indifferent to, whether the world grows better, his newspaper unconsciously reflects that spirit. On the other hand, if he has faith in humanity, and in the power of human love and understanding to make this life cheerful and bright, every editorial word will but tend to deepen and broaden that faith. The editorial tone of the Dispatch is optimistic, and strong with a faith in the world in general, and particularly in the bright future of Brainerd.

Primarily, the publication of a newspaper is a business enterprise, but it is not always recognized as such by those who wish mention made of this or that thing in which they are interested. It often escapes the mind that the editor and his family must be fed and clothed. The newspaper gives quantities of space to boosting every worthy cause, and is always ready to help in any movement of civic or community interest, and the readers and advertisers may now show their appreciation by subscribing for the paper, or renewing their subscriptions, and in using the advertising pages more freely. No one is too poor, none live so remote, to have a daily paper.

Without advertisements successful papers would be impossible. By

means of the advertisements all can learn where best and cheapest to supply their wants, and the merchants of the city are enabled to place their merchandise before the buying public in an efficient and attractive manner.

Every organization in the city is indebted to the Dispatch for the splendid publicity given through its columns, and now is the time that the members can show it has been appreciated by subscribing and reading the paper. One requirement of a first-class paper is that it should give all the news. Some object to a paper in the home for the reason that all the news is not of the bright things of life, but the selective newspaper reader may select the things that are best to read, and pass over what is morbid and sensational.

The Brainerd Dispatch is supplied information, gathered from all its readers with the best and fullest over the country, and I am proud to sign myself a subscriber.

CHILDRENS' BOOK WEEK NOV. 13-19

This book week has been established to encourage the love of books among children and the discussion of children's reading in our communities. This is being done throughout the country. The slogan is "more books in the home!"

In Brainerd we have postponed this work until Friday, Dec. 2nd when the Public Welfare Committee of the Brainerd Musical club will give a big silver tea and have an exhibition of the best children's books obtainable, which may be purchased at the public library. This will be an excellent opportunity to buy your Christmas books and will answer the question, "What books for the home?"

More publicity will be given to this project later.

N. M. D. A. CONVENTION AT BRAINERD

On November 15, the first session of the Northern Minnesota Development association's thirteenth annual convention will be called to order in the city of Brainerd by its president, A. P. Silliman, of Hibbing.

A specially strong program has been arranged, the details of which were given in Tuesday's Pioneer. A year ago this association held their summer meeting in Bemidji and showed an exhibit of ore, peat and other products of this section of the state, which did much to inform the people of this community of the real wealth of northern Minnesota.

The Northern Minnesota Development association had its birth in Bemidji and since that auspicious occasion has done much for the development of our city and community. Are we Bemidjians really giving it the support to which it is entitled? Are we not just a trifle self satisfied with our own progress and feel that we can sit back and let the other fellow continue to sponsor our development publicly and progress generally, while we are enjoying the fruits of what the association has already done for us?

The members of this body are hard workers and so far as personal gain goes they have received little for their labor. Their main reward has been to see things "getting done." We would not attempt to enumerate what they have done, but we have at hand a part of the report of the association's secretary made some time ago after the Duluth meeting, which gives a very condensed account of some of the things done by it, part of which follows:

"Reapportionment of legislative representation. The 1-mill (sometimes called Dunn) amendment for good roads. We helped pave the way for better drainage laws. We had the moneys that were invested in low interest foreign bonds brought back to the state for investment at home. Direct appropriations for state land in lieu of taxes to assist in making local improvements. We obtained monthly sales of state lands. Agricultural instruction in high schools were promoted. The present state forestry system was presented by this association and it adoption procured. The revolving fund amendment to the Constitution permitting the improvement of state lands before sale was our idea. We won the earlier opening of thousands of acres of Chippewa lands. We urged state aid for county agents and got it. Much game and fish legislation was advocated and procured. We were the first to advocate trunk line highway system legislation in various forms, and we now have the Babcock plan as put through the legislature

with the name of one of our members Senator McGarry, attached to it. We urged the establishment of a department of agriculture and we have it. We urged weed laws, and seed certification laws, and we have them and they will be improved. We boosted consolidated schools so hard that it is sometimes questioned whether we did not over-reach ourselves in some instances. Numerous others might be named."

Bemidji should be well represented at this meeting, not only to assist in continuing the progressive work done by the association, but to demonstrate Bemidji's appreciation of the honors shown heretofore by the association in coming here on previous occasions to hold its convention.—Bemidji Daily Pioneer.

FUNDING COMMISSION

The Republicans in control of the House of Representatives, in framing and passing a bill providing for the apportionment of a commission to take charge of the necessary and important task of refunding our foreign war loans, have pursued the very wisest course that could have been adopted. The measure has the approval of the Secretary of the Treasury, is workable in its provisions, and adequately safeguards the public interest.

European nations owe the United States \$10,000,000,000, on most of which the interest is delinquent. The debt is represented in large part by informal obligations which are not negotiable and are indefinite in time. A debt thus evidenced is in the least desirable condition. Our representatives at Washington want the debt evidenced by definite and specific promises to pay, negotiable in form, so that the debt which is now carried by the government and represented by Liberty Bonds, can be transferred, if found desirable, by the sale of the foreign obligations in the market and the retirement of Liberty Bonds accordingly. Whatever future disposition may be made of our foreign credits, it is highly undesirable that these obligations be left in an indefinite shape.

The House has made it possible, if its bill shall become a law, to fund the debts due us and yet take every precaution to guard against any unwise course or the cancellation of any of those debts except by payment.

WILSON AND WOOD

A pioneer of American railroading many years ago conducted his business on the theory of "the public be damned." His intolerance of the public welfare was a big contributing factor to legislative persecutions that befell the railroads after his day. Mr. Joseph Tumulty, who was secretary of President Wilson, in his very entertaining book concerning the former President, says that when he told Mr. Wilson that the country could not understand why Gen. Wood was not permitted to go to France, the President exclaimed, "I do not care a damn for the criticism of the country."

What happened to Mr. Wilson is now a matter of history. This is a government by the people. It makes no difference whether autocracy be assumed by political leaders, industrial leaders, or organizations of workers, their aspirations are doomed to disaster the moment they flaunt the will of the people themselves.

Frank A. Day, the well-known Democratic politician, says there's nothing in the talk of John Lind as a Democratic candidate for United States Senator. Lind, he says, has declared that he is through with active politics.

EDUCATION WEEK

Gov. Preus, by proclamation, has designated the week of Dec. 4 to 10 as Education Week, in accordance with recommendations of the American Legion and the National Educational Association.

The governor declares that thorough co-operation from the public would result in increased efficiency in the schools and he asks the people of Minnesota to take a greater interest in educational affairs, to visit the schools and to see that more attention is paid to the question of education in citizenship.

J. M. McConnell, State Commissioner of Education, suggests that "know your schools" be the slogan of the week in every Minnesota community.

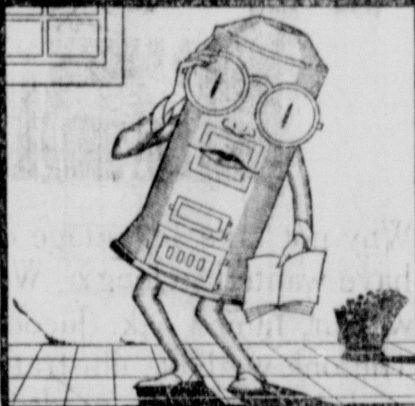

GOOD SHOWING FOR MINNESOTA

Our foreign-born resident in the Northwest have become naturalized citizens in greater numbers proportionately than in any other section of the United States.

Only 46.6 per cent of the entire foreign-born population of the United States have been naturalized. In Minnesota this percentage is 67.5, North Dakota 73.3, and South Dakota 69.1, according to figures just announced by the Census Bureau. This is an excellent showing, indeed, for the people of foreign birth who have come here to make their homes with us.

It is said that a good deal of quiet work is being done by the friends of Gov. Preus in the interest of the governor as a candidate for United States Senator, presumably to succeed Senator Kellogg. Gov. Preus, however, is reported as declaring that his one present political ambition is another term as governor, which leads to the belief that he has his eyes on Uncle Knute Nelson's seat in the Senate.

RED CROSS ANNUAL ROLL CALL BEGINS

The following statement by President Harding, urging universal support of the Annual Roll Call of the American Red Cross which begins generally throughout the country Nov. 11, continuing through Thanksgiving Day, Nov. 24, was issued from the White House:

To the American People: As President of the United States of America and as President of the American Red Cross, I announce that the Red Cross Annual Roll Call will begin on Armistice Day, November 11, and continue through Thanksgiving Day, November 24, and I designate November 13 as Red Cross Sunday.

I recommend ministers and priests of all congregations to stress the gospel of service on November 13, and I invite and urge my fellow citizens to accept the entire period of the Roll Call as an occasion for re-dedication of themselves to the principles and practice of service. The American Red Cross is both the volunteer and semi-official medium through which our people may appropriately express their patriotic and humane desires to render practical assistance to their soldiers and sailors, to their fellow citizens in civilian life, and to those peoples of other lands who have a human claim on the sympathetic concern of our own people.

The American Red Cross has kept faith with the principles which gave it birth and with the obligations laid upon it by Congressional Charter—"to act in matters of voluntary relief and in accord with the military and naval authorities as a medium of communication between the people of the United States and their Army and Navy;" after a notable war service, it, in conjunction with the Veterans' Bureau and other activities, stands by our vet-painful reconstruction, in which, as too many of us have been prone to forget, thousands are in pressing need, not only of governmental attention and assistance, but also of those supplementary acts of human kindness which only volunteer mercy can supply.

By systematic and scientific plans and equipment for relief from disaster, and by prompt response to many urgent calls throughout the past year, the American Red Cross has fulfilled another requirement of its Congressional Charter "to continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other great national calamities."

After liquidating its obligations of general relief to peoples of other lands who were associated with us in the great war, it has concentrated its efforts on a program for the medical relief of children in Central Europe, and, from funds made available last year, it continues this work of mercy, and also contributes from its medical and hospital supplies for the work of relief in Russia, which is operated under American direction.

As a result of vast and varied experience during the World War, the American Red Cross has devised and put in operation an extensive domestic health and welfare program whereby our American communities are instructed and directed in the solution of those community problems upon which the public will ultimately rest.

It is a fundamental principle of the Red Cross not to duplicate but to supplement the efforts of governmental and other agencies in the mitigation and alleviation of human suffering, and to supply the means thereto where other agencies do not exist. The call of the American Red Cross is the call

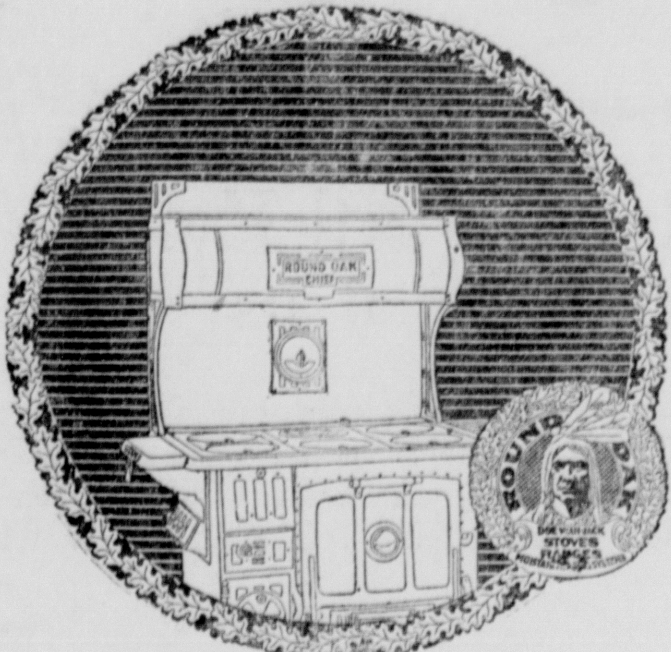

of country and humanity, and I earnestly urge my fellow citizens to make that response which satisfies the prompting of a generous people.
(Signed) WARREN G. HARDING.

Had he placed the skin side inside,
Had he placed the outside inside,
And the inside inside
Then the warm side would have been outside,
And the cold side inside,
So to get the fur side, warm side inside,
Placed the skin side, inside, outside.
Now you know why Hiawatha placed the outside, fur side, warm side, inside, and the inside, skin side, cold side, outside.

New Yeast Vitamon Tablets Round Out Face and Figure

With Firm, Healthy Flesh, Increase Energy and Beautify the Complexion—Easy and Economical to Take—Results Quick

Thin or run-down folks who want to quickly get some good, firm, solid flesh on their bones, fill out the hollows and sunken cheeks with strong, healthy tissues, and build up increased energy and vitality should try taking a little Mastin's VITAMON with their meals. Mastin's VITAMON is a tiny tablet containing highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C). It banishes pimples, boils and skin eruptions as if by magic, strengthens the nerves, builds up the body with firm flesh and tissue and often completely rejuvenates the whole system. Quick, gratifying results. No gas caused.

If you are thin, pale, haggard, drawn looking or lack energy and endurance take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy.

IMPORTANT! While the remarkable health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Mastin's VITAMON tablets at all good druggists.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

GOLDEN WEDDING ANNIVERSARY NOV. 15

Mr. and Mrs. Thomas Benton Shoaff of Shelbyville, Illinois, Arrived in City Monday

ARE WELCOMED TO BRAINERD
Banquet in Their Honor to be Given at Chamber of Commerce on Tuesday Evening

Mr. and Mrs. Thomas Benton Shoaff of Shelbyville, Illinois, arrived here at 2 p. m. Monday. They were met at the train by a committee from the Chamber of Commerce. Mr. and Mrs. Shoaff will celebrate their golden anniversary Tuesday, November 15.

Ladies Guild Reception
The Ladies Guild of St. Paul's Episcopal church will have a reception for them Tuesday afternoon, and at 7:30 Tuesday evening services will be held in the Episcopal church, Dr. E. S. Murphy of Wadena officiating.

Chamber of Commerce Banquet
After the services in the church, arrangements have been made to entertain the guests of honor at the Chamber of Commerce, beginning at 8:15. A banquet will be served, followed by a program, with Dr. J. A. Thabes acting as toastmaster. Major F. E. Little representing the city and D. D. Schrader representing the Chamber of Commerce will welcome the guests.

The program includes an address by Dr. E. S. Murphy of Wadena; song by S. F. Alderman; address by Col. C. D. Johnson; song by Mrs. Harry Smith; address by Anton Mahlum; reading by Mrs. C. L. Burnett; song by Dr. Badeaux; address by R. R. Wise; address by Professor J. A. Wilson; song by A. C. Mraz.

After this program Mr. Shoaff will be called upon to tell something of the early history of Crow Wing county.

This reception will be attended by all citizens who are interested in the early history of Crow Wing county. Both ladies and gentlemen of every section of Brainerd are urged to attend.

Elk's Smoker
The Elks will have a smoker for Mr. Shoaff on their Thursday evening meeting, following the lodge session. Mr. Shoaff is an honored member of Shelbyville lodge and will tell of his experiences in Brainerd's early history.

Arrived in Brainerd Monday
Mr. and Mrs. Shoaff arrived on the afternoon train Monday, as happy as newlyweds.

"Brainerd 50 years ago had 500 inhabitants," said Mr. Shoaff. "They were a class of people that followed construction companies and Brainerd was a typical western town."

Mr. Shoaff looked for the Headquarters hotel when he arrived. It was a landmark in the old days and was located near the new depot. Mr. Shoaff quickly identified the "Last Turn" building where the Indians were hung in the early days.

At St. Paul Mr. and Mrs. Shoaff had the pleasure of meeting Jule M. Hannaford. He came to the Merchants hotel and visited them on Sunday.

"Mr. Shoaff was very nervous today," said Mrs. Shoaff, "really more nervous than he was 50 years ago. I remember as well as though it happened today when we were married in Brainerd. There was a light fall of snow on November 14th and on the next day, the sun shone bright and clear."

At St. Paul
In St. Paul Mr. and Mrs. Shoaff stayed at the Merchants hotel, a circumstance which has more significance than is apparent from a mere statement. It was at this hotel that the pair stopped fifty years ago, awaiting the sailing of the last boat that left St. Paul for lower Mississippi river points before the closing of navigation in 1871.

Mr. Shoaff is widely known in the

Northwest. Among those who were guests at the wedding is J. M. Hannaford, former president of the Northern Pacific railway. Among the hundreds of congratulatory messages which Mr. Shoaff exhibited with a show of pardonable pride is one from William Jennings Bryan and another from Mrs. Bryan.

Illinois Editorial Association
The Illinois Editorial Association sent notice of the golden wedding anniversary to 1,000 of its members.

Long Editorial Record
Since 1889 Mr. Shoaff has published the Shelby County Leader, in that year having succeeded his father, James Shoaff, as editor. He began his long career as an editor a few years subsequent to his marriage.

Mrs. Shoaff, a little more than fifty years ago, was Miss Ella W. Lytle. Her father was employed by the Northern Pacific Railroad Construction company.

Catch Last Boat
Mrs. Shoaff's association with railroad folk made possible the trip to St. Paul to catch the boat down the river, her husband recalled. The bridal party rode from Brainerd in a special car. Another acquaintance solved the problem of transporting with dignity the wedding group to the little church then remote in the woods.

Rode in Ambulance
"They weren't even horses around Brainerd in the early days", Mr. Shoaff said. "But we knew some soldiers in the medical corps, stationed near St. Paul, and they came to the wedding with an ambulance. We rode to St. Paul's Episcopal church in that ambulance."

Invitations 50 Years Ago
And the invitations—Mrs. Shoaff suggested. The husband remembered, even to the detail of the printing, bill which was 75 cents. They were printed on birch bark which the bride had gathered in the woods.

PASS THROUGH ST. PAUL TO BRAINERD

(By United Press)
St. Paul, Nov. 14.—Fifty years ago, Cosmos B. Schoaff of Shelbyville, Illinois, helped prepare for the first Christian wedding ever solemnized in Crow Wing county.

Today Mr. and Mrs. Schoaff passed through St. Paul en route to Brainerd to attend the golden wedding anniversary. Mr. and Mrs. Schoaff stopped at the Merchants hotel, the same one where they stayed while awaiting the sailing of the last boat on the Mississippi river before the close of navigation, fifty years ago. Schoaff is widely known among railroad men in the northwest. Railroad officials of several northwest roads will attend the celebration in Brainerd tonight.

COUNTY FAIR HAS ITS ANNUAL MEETING

Pequot, Minn., Nov. 14.—The annual meeting of the Crow Wing County Agricultural society will be held in Pequot Nov. 14. Directors are to be elected and a president to succeed F. G. Schrader who has removed to California. Three delegates to the state fair meeting are also to be named. W. A. M. Johnstone of Brainerd is a member of the county board of Directors.

Notice to Yeomen Members
The Annual Children's Festival of the Brotherhood of American Yeomen will be held in the Elks' hall on Wednesday evening, Nov. 16, when the children of all members are urged to come and take part in the program, beginning about 8:30 o'clock. All members and parents are cordially invited to attend. Upon leaving the hall each child will be given a box of candy. 13913

BRAINERD HIGH O, LITTLE FALLS 58

Something akin to the feeling of Napoleon when he waited in vain for Blucher and was himself overwhelmed by Wellington and the allies swept over Brainerd high on Armistice Day, when Friday afternoon they were repeatedly charged by Little Falls high on the field of battle in Little Falls and lost the football game by a score of 58 to 0.

Brainerd has no excuse to make. They played hard, but were unable to overcome the stonewall defense of Little Falls nor to withstand their onslaughts.

BROKE HER ARM
Mrs. H. P. Dunn, Wife of Postmaster, Had a Most Painful Accident Saturday Evening

While entering the store of George F. Murphy, Mrs. H. P. Dunn, wife of the postmaster, slipped and fell on her shoulder, breaking her left arm. Balls of snow had formed under her heels, causing her to slip. The bones of her arm were splintered, making it a most painful injury. She was taken to St. Joseph's hospital for treatment and will be there for some time.

For Mrs. Shoaff
Mrs. T. B. Shoaff of Shelbyville, Illinois, whose golden wedding will be celebrated at St. Paul's Episcopal church tomorrow evening, will be the guest of honor at a tea to be given Tuesday afternoon at 4 o'clock, at the residence of Dr. and Mrs. R. A. Betse, by the Ladies Guild of the church.

HIBBING AFTER THE CONVENTION

Hibbing boosters, thirty or more, will arrive in a bus to attend the Northern Minnesota Development Association convention opening Tuesday in Brainerd. Day sessions Tuesday and the smoker will be held in the Gardner auditorium.

Wednesday's sessions will be held in the Chamber of Commerce rooms.

THEATRE PARTY
Students of Brainerd Commercial College Attended "Heart of Maryland" in a Body

The students of the Brainerd Commercial College attended "The Heart of Maryland" at the Lyceum in a body the other night, four rows of seats being reserved for them.

After the show open house was held at the college, the first get-together of the season. An excellent lunch was served by the young ladies which put the finishing touches on a most enjoyable evening.

The students of the college are showing more than the usual "school spirit" this year, and numerous social gatherings are being planned for the near future.

Food Sale
The ladies of the First Congregational church will hold a food sale Saturday afternoon at the Y. M. C. A. Pies, doughnuts, baked beans and other home cooking will be offered for sale.

FIGURING NOW ON THE
1922 WORLD'S FLAG

By HENRY L. FARRELL,
(United Press Staff Correspondent.)
New York, Nov. 12.—Baseball will not be downed.

Although the national pastime has been wrapped in mothballs for five months, talk of the 1922 pennant races is crowding in with the busy football and ring chatter.

The prophets rise to remark that the past season established a fashion for a "private series" that will be followed next fall by St. Louis.

Neither Branch Rickey nor Lee Fohl are inclined to disagree with the diamond sooth-sayers.

"Give me a third baseman and one good pitcher and the pennant is ours," Rickey, the Card chief says.

With Milton Stock on the hot corner, Rickey's plea for a third baseman may seem peculiar but the Card manager says that Stock will be in another uniform next year. Stock is blamed for the failure of St. Louis to see one end of last October's classic.

"Stock, by refusing to report in the spring, crippled the team in fifteen games and with those fifteen we could have landed the pennant," Rickey says.

The Cards and the Brooklyn Robins are now said to be dickering over a deal in which Stock would be swapped for a pitcher.

The National League pennant race may hinge around Heinie Groh. "The club that gets Groh, wins the pennant," some of the dopesters are saying.

Groh, having served one year's sentence with the Reds imposed by Judge Landis is considered, as a sure part in some kind of a trade. The Giants have first call on the star third baseman's services and his presence in the New York lineup would almost insure the championship. His figure would be just as valuable in a St. Louis form and no one knows what change he would make among the Boston Braves.

From a far off point, the American League race looks like the Browns or the Yankees. Cleveland will have to make a lot of changes in the pitching staff and about fifteen managers can whisper to Tris Speaker that a good hurler is dug hard to locate.

Head Stuffed By
Catarrh or Cold?
Use Healing Cream

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.

COMB SAGE TEA IN
FADED OR GRAY HAIR

IF MIXED WITH SULPHUR IT
DARKENS SO NATURALLY NO
BODY CAN TELL

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known down-town druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

AMUSEMENTS

Constance Talmadge is Candidate for Mayor

In "Woman's Place," which is at the New Park tonight and Tuesday, Constance Talmadge is said to have been given the peppiest and most interesting screen vehicle that she has had in a long time.

The role in which Miss Talmadge will be seen will be an innovation for Talmadge fans, for Constance enacts the part of Josephine Gerson, belle of the town, who, on her return from Paris, is made to run as candidate for mayor.

The election contest is one of the most unique and amusing ever conceived, according to those who have seen a preview of the picture, and Miss Talmadge is said to be as whimsical and charming as ever.

Kenneth Harlan plays opposite Miss Talmadge in the role of Jim Bradley, leader of the opposition ticket, and other important members of the cast are Hazzard Short, Florence Short, Ina Rorke, Marguerite Linden and Jack Connolly.

The production marks Constance Talmadge's first appearance on the screen in a "political" role.

Those who see this picture, it is said, will be given some food for thought on the much-disputed but as yet undecided question as to just what woman's place in the business, social and political world should be.

Roland Jenkins Soloist at the New Park Theatre

Roland Jenkins, one of Brainerd's most talented vocalists will favor the New Park theatre, with a selection of one of the season's most popular songs entitled "Just Keep a Thought for Me," in connection with every-

body's favorite Constance Talmadge in "Woman's Place," tonight and tomorrow evening.

This is only one of the surprises or rather novelties, that are awaiting the patrons of the New Park theatre during the coming winter. Mr. Force certainly is very considerate in so changing his program, for pictures shown constantly do become monotonous.

At the Lyceum

A virile, fast-moving drama of the Northlands is announced as the feature attraction at the Lyceum theatre for tonight and Tuesday, when "The Girl from God's Country" will be shown. This picture stars Nell Shipman, who will be remembered from her work in "Back to God's Country" and other thrilling pictures of the snow country. "The Girl from God's Country" is a fitting vehicle for the talents of this star, who not only enacted the leading role, but who also wrote the story and directed the picture in collaboration with Bert Van Tuyle.

Miss Shipman plays a dual role. She enacts the part of a wealthy Southern California society girl, and that of a French-Canadian girl of the North country, parts which call for two distinct personalities. While the cast is an all-star one, including many well known actors. There are bears, deer, foxes, wild cats and even skunks. The scenes laid in the Northland are scenically some of the most beautiful to reach the screen. They bring the atmosphere of that land of romance and adventure, of brave men and true women, direct to the audience.

The story itself is a gripping one, and one that holds the interest of the screen fans to the very last moment. This is because of the excellent suspense and action which fills every

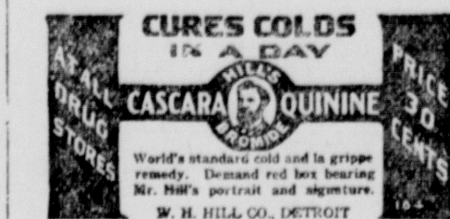

foot of film. It has, in short, all of the elements which go to make up a successful and popular audience picture. It will be shown at the Lyceum theatre for two days beginning tonight.

Offended His Dignity.

Jim Blue, colored, has resigned as a Pullman porter on the Central branch. He resigned in a huff. It came about this way: One night Jim was standing on the platform at Concordia. Suddenly he slipped and fell, and as he fell he threw his lantern high into the air. The engineer thought the lantern was giving the highball sign and pulled out of the station, leaving Jim on the platform. That peeved Jim and he decided to quit.—Atchison Globe.

Would Be Worth Seeing.

In the geometry class a difficult problem arose. The teacher informed the pupils that he would put it on the blackboard and explain it. After carefully and tediously working on the diagram he addressed the class thus: "I want every one in this class to watch the blackboard now as I run through it."

Getting Acquainted

In the issue of October 27, Mr. Ed. F. Summers, of the Advocate-Democrat of Marysville, Kans., says:

HAVE MADE FRIENDS

About three years ago the Standard Oil Company began a campaign of publicity which covered the whole country. No attempt was made to pay any attention to what had been charged up against the organization in that distant past, but a plain statement was sent out showing the attitude of the company, the diversity of its ownership and its policy in dealing with the public. And that campaign has been effective. No longer do you hear Rockefeller and the Standard Oil continually roasted by the general public. Other "goats" have been picked up and in every section you will hear the admission made that the Standard Oil Co. gives service and piles up profit by being content to work on a small margin and develop a bigger business.

The experience is well worth thinking over for it goes to show what we have always contended and that is that the average man is fair and only wants to be shown. Take him into your confidence if your business is legitimate and you silence knocking. The Standard Oil has won favor by its policy of publicity and the favor is deserved.

THE spontaneous response which the announcements of this Company have received from many of the newspapers of the country has been most gratifying. That such a response has come from a better understanding of the Company, its purposes and its policies goes without saying. It is purely a matter of getting acquainted.

Those we do not know we are apt to suspect. Those we do know we respect if respect is deserved.

The Board of Directors intend that this Company shall deserve the respect of its customers, its employees, its stockholders and its competitors by maintaining a policy of fair dealing.

The operations of this Company are carried on with a straightforward directness, and with the deep conviction that bigness is possible only through service; that through service comes volume, and through volume come profits.
